INTERACTIVE LEARNING IN ALL DISCIPLINES — CUSTOMIZE YOUR CLASS EXPERIENCE TOWARDS LEARNING OBJECTIVES:

1. Identify and discuss differing points of view on a selected historical event or issue — the Chief Joe Capilano exhibit.
2. Use our Territory Maps to translate information from maps to other forms of communication.
3. Learn how the technologies of the Longhouse and Ístken met shelter needs.
4. Learn how canoes were crafted through technology to meet transportation needs.
5. Try traditional foods and learn the technologies used to meet food acquisition and preparation needs.
6. Learn about the Nations' artistic expression through the art of welcome figures, drums, and paddle rattles.
7. Explore the Great Hall exhibits and identify the types of work done by people within the community.
8. Assess diverse concepts of Canadian identity through the Storytelling or the Musical Tour.
9. Use the Fishing and Forestry exhibits to relate ancient human practices that affected the physical environment to modern counterparts.
10. Discover regalia and identify factors that influence identity, society, and culture.
